New! Discover the Magic of K'NEX Solar Power

Dutch Windmill
Solar Power 10

Harness the power of the sun with K'NEX Solar Power! Build super models, then make them spin and turn with the exclusive K'NEX Solar Panel. You control your models because you control the light that hits your K'NEX Solar Panel and powers the Solar Motor. Use light from the sun outdoors or through a window, or use an ordinary incandescent light bulb. No batteries needed!

Attention All Builders!
